

Leviton Authorized Network Installer (ANI) Program Terms

Effective Period

These terms shall commence upon the effective date for a period of **3-Years** unless either party gives written notice of intent not to renew.

Installer Certification and Training

- Installer company personnel must attend the Leviton certification course and pass an examination which tests basic knowledge of standards compliant installations and field-testing practices.
- All projects submitted for warranty must have a Lead Technician or Project Manager and 30% of technicians that have successfully completed Leviton certification course.
- Installers must adhere to TIA/EIA specified installation practices and Leviton program guidelines as presented in the certification course.
- Installer company must have technicians renew certification with Leviton every three (3) years through re-taking the updated training course.
- Certification Course is \$275 per installer attendee, up to \$2750 per installer company.
- The Authorized Installer may also maintain the terms of their commitment by submitting a minimum of 6 installations for warranty using Leviton Network Solutions products in their 3-year renewal period.

Installer Secure Resources Account

- Installer company must register for an online Leviton Secure Resources Account (LSR).
- The Installer company is responsible for maintaining the accuracy of account information by providing current contact information.
- All project warranty applications, submittals, test data uploads must be submitted online using the LSR.

Quality of Workmanship

- Installer agrees to provide only quality installations of Leviton Network Solutions products.
- Installer agrees to adhere to Leviton's Quality Installation standards.
- Leviton reserves the right to perform site survey to verify quality of cabling installation.
- All installations must meet TIA specified installation practices.

Authorized Network Installer Participation Status

- If Leviton ANI fails to meet their commitment, or the terms which Leviton Network Solutions has defined in this document, it shall be grounds for dismissal as a certified installer from the Leviton Installer Certification Program.
- Leviton Network Solutions, at its sole discretion, with thirty (30) days written notice, may change or revoke the status of certification.
- Upon dismissal from program, all references to program participation must be removed from all Leviton Authorized Network Installer marketing materials and company website.

Rebate Schedule and Policies

- Products eligible for rebates include the following Leviton Network Solutions product families: Copper connectivity, fiber connectivity; MTO copper and fiber. Electrical Division and Residential products are excluded.
- Installer to submit proof of annual purchases by supplying copies of product purchase invoices from distributor.
- Minimum annual purchases required for rebate submittal: \$25,000
- Rebates are paid out annually and are based on the total YTD purchases for qualifying products during the calendar year. All submittals for the current year must be received by January 31st of the following year in order to be eligible for the rebate.
- A 2% rebate will be provided for the total annual purchase amount for qualifying products.

Annual Purchases Minimum	Rebate %
\$25,000	2%

Changes in Program Terms

- Leviton Network Solutions reserves the right to cancel or make changes to the Program Terms at any time.

Note: Only qualified product purchases from Leviton's U.S. authorized distributors are eligible for rebate. Leviton Network Solutions products purchased outside the U.S., or from distributors that are not authorized to sell Leviton products will be excluded from qualification for rebates.
